---

**Career Objective:** Dynamic software developer with strong communication and problem-solving skills. Seeking a role to design, develop, and deploy innovative software solutions. Committed to delivering high-quality results, collaborating effectively with customers and team members across diverse locations, and embracing different shift timings.

---

**Current & Permanent Address:** K-93/5, Jaitpur Extension Part-1, Badarpur, New Delhi -110044

### Academics

- **BCA**, School of Computer Science and Engineering, Galgotias University, Uttar Pradesh, 2022-25
  - **XII**, D.A.V. Sr. Sec. School, Delhi, Central Board of Secondary Education (CBSE)
  - **X**, Govt Boys Senior Secondary School Molarband (CBSE)
- 

### Projects

- **Two-Step-Auth:** it is a MERN app with MySQL and CSS Modules featuring Login, Register, and Dashboard. Users register with a unique email and phone, verify via emailed OTP, and receive a system-generated ID and password for dashboard access. [\[CLIENT\]](#) [\[SERVER\]](#)
  - **Portfolio (React):** Developed a responsive personal portfolio website showcasing education and profile details, including a login page [\[CLIENT\]](#) [\[DEMO\]](#)
  - **Calculator (React):** A simple React.js calculator styled with CSS Modules that supports arithmetic operations (+, -, ×, ÷, %) on multi-operator expressions, with Clear, Backspace, and Enter buttons. It accepts numeric and operator inputs via keyboard or UI buttons, ignoring alphabetic keys [\[CLIENT\]](#) [\[DEMO\]](#)
  - **Banking Card (Html, CSS):** Implemented an interactive flipping animation on hover to display card details (front and back views), Utilized CSS transitions and 3D transforms for smooth user experience and modern design aesthetics [\[CLIENT\]](#) [\[DEMO\]](#)
  - **Profile Card (Html, CSS):** All my personal and professional information, Included profile picture, name, and social media icons [\[CLIENT\]](#) [\[DEMO\]](#)
-
